

February 6, 2018

Hi Guys,

Belated Happy New Year to everyone! Hopefully many of you have managed to find your way to warmer climes for a bit of respite from this cold in the Great White North!

Last month Brian Blackwell came east to visit family in Ontario. We gave him a typical Ontario welcome by supplying him with deep cold, followed by a 'January thaw', followed by freezing rain and capped it off with a blizzard - all in the matter of a few days.

There was also an impromptu lunch organized in Brian's honour. It turned out to be a small crowd (only 5 of us) due to the weather and a variety of other reasons. Nevertheless, it was a lot of laughs and good to see Brian again since we missed him at our last reunion. This is a good reminder to anyone else coming this way for a visit, please let us know in advance so we have an excuse to organize another lunch!

As we head towards spring, it's time to start thinking about our Springtime Lunch. Put Thursday April 26/18 on your calendar and let us know if you will be able to attend. We haven't firmed up a location yet (we're checking out some other venues and it will also depend on where guys are travelling from). More details will follow in a future mailing.

In the mean time stay healthy and stay warm!

Tom & Vic
